

### Days Left Behind

Sepia-coloured memories  
Captured with a flash of vividness  
On silky days of adolescence;  
Rush of windy pathways  
Tumbling down the rustic hills,  
And adrenaline shooting up the young veins;  
Frigid stares at the dodgy clouds  
From the vast expanses of joviality,  
And the windfall of romantic rains.

### Inside Books

Stuffed inside celebrated books  
Are lethargic words  
Seducing you into sleepy dreams  
Where the frozenness of reason  
Has a fluidity of senselessness;  
Where the density of thoughts  
Is contained inside vacuums;  
Where the rule of law  
Leads to anarchist lawlessness;  
Where places are peopled  
And people are misplaced;  
Where abstractness is tangible  
And thoughts are fantasies.
