As the rising sun of all the lives
You are my rising sun,
You give me shine to bright;
You give me warmth too,
Your image on my mind is an image,
is on the fresh cement everlasting.
You are my sponge which absorb me,
with love, care, protection, courage, inspiration.
As the rising sun of all the lives,
Dear “Brother” you are my rising sun,
with the rays of love, care, protection, courage and inspiration.
