Insinuating hurls towards the tide
Spearheaded went the hazy knight
Scattered around were the baits
Tempestuous rulings and beings caged.

Darings of the dare being in shackles
Clocks ticking and fancies being crinkled
Scanty palace and hollowing nights
Fickled the only dim soul light.

Bounties found but all fire and ice
Segmented virtues and null wise
Exalted exuberances in virtual space
Bleak lands breeding and all slayed.

The Vague Tussle

Heed no forth the
muddled sacrilege
Souls frozen
Push the fire
Let's rekindle the
Congruity in spire.

Eyes what your see

Mine be projection
Whimsical for the image
The portrayal of only sage
Let's blend and astray in maze
Come forth and fuel the rage .

Exalted were the stage
But left were disabled place
Failed perseverance within bleeds
Quit channels of breaks and mends
Strip the sheet of memories
Drape the cloth of miseries
Shattered comes in many folds
Amour grasped in thresholds.
