

Gadged Love

Rajalakshmi C.S.*

Love that grew dirty , with brewing
Bad Boring ideas , crawling creeping
slowly climbing in me
makes you hate me
But a perfect combo ain't we ??
At times ,Love in us that goes void
Can't you and I avoid ? Oh Oh
Days and Nights are gone
With the only 3 men in my zone
Can we love and live to the brim
Before my final breath listens those hymn
Sure i will I Stay in your heart
At least in one corner as a clot ,
Waste maybe this soul to you
For the rest of the days too,
Your anger is what I breathe
And I will cling on to you as a sheath
I Joined hands Expecting only smiles
Though was gifted the act of viles
Self respect is what I call as my goal
Insanity now, stagnates as a pool
Deep diving desires in me reside and I
Hate that MacBook lying by your side
Life after death I believe and so i grieve
Better to be born again ,not as human
Oh no ! certainly not as this woman
As a built in software, so fair
that you'd spend all your time
with This Gadged Love so divine !
