

VACUUM AT HOME!!

Dr. Abhishek Kosta

Associate Prof. English

Govt. MKB Arts & Com Auto.

College for Women, **Jabalpur**

My children left impressions
as they grew and got matured!
For they have finished their trip
at home and went abroad!!

WE experience vacuum at home
for all the beds are now empty!
None of *their* laughs and mischief
is heard, once found in plenty!!

WE inhale their perfume for it
fills the empty ache of my heart!
Though it is calm and peaceful
yet my heart splits polls apart!!

Today, my house is clean, organized
and everything is at its place!
Yet, it is like a desert for it's hard
to get *their* memory erase!!

We feel elated every time they
visit and spend time with us!
Tug our hearts stretched as they
leave and pull their bags thus!!

They close the doors behind them;
we stand still and think of many times!
Recalling how we shouted to close
the doors when we were at our primes!!

Each one has gone to different city
or country to find their path of life!
Here I am closing the doors, as no
one opens besides me and my wife!!

Let's cherish them with joy and love
so long as they are close with you!
Nag them never for they were neither
before nor after our marriage too!!

Oh God! Take care of them
wherever they may be!
For *You* are the guide and
You are the protector to see!!
